Subject: APPROVED PSF Proposal for Kiat Guru

Dear JMC Members,

Please be advised that the Kiat Guru proposal is approved on **February 2, 2016** on a no objection basis. The proposal and approval will be posted on the PSF website.

In the proposal, attached, has been updated to account for DFAT's comments of **February 1, 2016**, specifically:

- a. Paragraph 17 notes DFAT's engagement in monitoring, learning, and evaluation of Kiat Guru.
- b. With respect to the draft schedule of consultations, over the past few weeks MoEC and TNP2K have developed a schedule of activities, including technical meetings for planning, coordinating, monitoring and evaluation with other ministries, c. DFAT, and the World Bank. The first technical meeting is scheduled for mid-February, when the activity schedule will be coordinated with other stakeholders, Australia's Education Partnership, including see paragraph 18.
- d. The proposal reflects DFAT's interest for KIAT Guru to coordinate with other relevant programs and DFAT's requests to clarify the links between improving teacher quality and student learning outcome, see paragraph 10.
- e. Gender considerations have been included in KIAT Guru intervention design and community facilitation manual, these are reflected in the composition of the user committee, as specified on footnote 6 on page 12 in the proposal.

The JMC will be updated JMC on major changes in scope/ budget and implementation challenges.

Regards,
Maliki
Acting Director Poverty Alleviation
Ministry of National Development Planning/ Bappenas
